GETTING IN THE SPIRIT—The Greencastle Fire Department personnel has been getting into the spirit of the Christ-

mas season by decorating the fire station. The above is a view of the front of the building.

Twister damage in 3-state area

By United Press International

Some residents of Tennessee, Kentucky and Indiana today cleaned up tornado and high-wind damage while much of the rest of the nation braced for a wintry onslaught of adverse weather.

A wintry storm bearing snow and northerly winds blew across the northern Rockies into the Plains where the Weather Bureau warned of cold wave

conditions possible for tonight and Wednesday.

Travelers warnings were up for the Rockies and in Maine, New Hampshire, Vermont and portions of New York and Massachusetts as freezing rain threatened to make driving hazardous.

Gale warnings were posted along the Atlantic Coast from Eastport, Maine, to Cape May, N. J.

Flooding conditions were reported along several South Carolina rivers.

Thirty-one states from the Mississippi Valley to the Atlantic Coast were deluged by rain spiraling from the north-eastern storm.

Several homes were damaged near Geneva, Ky., Monday night by a twin-funnelled tornado and other high winds caused extensive damage at Fulton, Ky., and adjacent South Fulton, Tenn. Nearly 30 homes were damaged in the area.

Five apparent tornadoes also struck in Indiana, but no injuries were reported.

Tornado-hit communities of the Florida panhandle cleaned up \$12 million damage done by Sunday tornadoes while rain spread across the South from Arkansas into Florida.

Snow was heavy enough in the upper Great Lakes region to close some schools in Michigan Monday, and portions of New England reported accumulations of four to five inches.

One to two inches of new snow fell in parts of Montana and Wyoming in the midst of the wintry storm moving through southern Wyoming and the Colorado mountains.

The bitter cold already had reached Butte, Mont., by 2 a.m. EST when that city recorded the nation's low of 4 degrees above zero.

Red guerrillas fire on Sen. Charles Percy, wife

SAIGON UPI—Communist guerrillas today attacked U.S. Sen. Charles Percy and his wife with mortars and rifles in a jungle village of death far from American troops.

A helicopter whisked Mrs. Percy to safety immediately after the first of five mortar shells exploded, one within

Bank directors host annual party

Windy Hill Country Club was the scene Monday evening for the annual First-Citizens Bank and Trust Company Board of Directors' Christmas party for employees of the firm and their families.

Approximately one hundred people attended the affair, including representatives of the Indiana National and American Fletcher Banks of Indianapolis, and the Russellville Bank of Russellville.

A social hour was held from six to seven and holiday dinner was served soon after.

Entertainment was furnished by the "Men of Note," a vocal group of DePauw University. They sang Christmas songs and encouraged the entire dinner party group to join along.

A dance was held from nine to eleven with Bill Grimes and his orchestra furnishing the music.

Hoosier firemen draw up plans for new Fire Academy in Indiana

INDIANAPOLIS UPI—Indiana firemen Monday drew up plans for a State Fire Academy which would provide basic and advanced training for both professional and volunteer fire fighters and administrators.

The plan will be introduced in the 1969 Legislature.

Twelve representatives of the state's firemen and fire-fighting organizations attended Monday's day-long session, headed by Chief Ralph E. Orr, Vincennes, president of the Indiana Fire Chiefs' Association, and Indiana fire marshal Norman Fesler.

Orr said the academy would be on the same level as the Indiana Law Enforcement Academy and probably would mean a tax-saving rather than a tax expense.

He said the various organizations involved had hoped to get enabling legislation through the 1967 Legislature but found the plans had not been formulated among them sufficiently to achieve this result.

Association, and Indiana fire marshal Norman Fesler.

Orr said the academy would be on the same level as the Indiana Law Enforcement Academy and probably would mean a tax-saving rather than a tax expense.

He said the various organizations involved had hoped to get enabling legislation through the 1967 Legislature but found the plans had not been formulated among them sufficiently to achieve this result.

Orr said the Academy would allow "every fireman in the state of Indiana to get the benefit of quality instruction in basic and advanced fire-fighting at no additional cost to the taxpayers." He said that if all Indiana cities and towns were to try to provide the training expected to be offered at the academy, "the cost would strangle them."

The session Monday to draw up committees to deal with the proposal stemmed from a joint resolution adopted by the Indiana Fire Chiefs' Association, Indiana Volunteer Firemen's Association and the Indiana Firemen's Association. The resolution will be presented at the next convention of the State Association of Firefighters, the Indiana State Firefighters Association and the Indiana State Inspectors Association.

It calls for the academy committee to include representatives of these groups plus the fire marshal, legislature, Indiana Rating Bureau and Indiana Insurance Association. It proposes that fire training be made mandatory for future firemen if they want to qualify for pensions.

"The work of educating firemen has now advanced to a point where it is not possible for many chiefs of the fire departments to school their own force and the present training within the fire service is in need of a fire academy with modern facilities, equipment, tools and additional personnel," Orr said.

Among those attending the meeting were Dale Fortin, Carl Lederer and David Mikel, all of South Bend; Melvern Price and Roland F. Walls, both of Richmond; Jack J. Allen, Linton; Jesse E. Nagle, Hammond; Charles Jeffries, Fountaintown; Clem A. Smith, Lawrence and Harvey Hacker, Brownsburg.

Government criticized by Farm Bureau speakers

CHICAGO UPI—American Farm Bureau Federation speakers today criticized the federal government for its involvement in agriculture and warned of dangers to the farmer if corrective steps are not taken soon.

One speaker at the federation's 49th annual meeting warned of financial ruin for wheat growers because of government attempts to raise tariffs and impose import quotas.

Karl Hobson, extension economist at Washington State University, advised wheat farmers to "sell out quickly, before the value of your holdings drops sharply" if Congress is successful next year in raising tariffs.

"Erection of the proposed trade barriers would bring retaliation from our foreign customers," Hobson said. "Japan, our best cash customer for wheat, has said that she would sharply curtail her wheat purchases from us if we discriminate more against her sales to us."

Hobson also labeled "the threat of a severe international money panic" as a problem to wheat exports. He said devaluation of the British pound and the resultant strain on the dollar threatens to slow world trade.

The Farm Bureau's resolutions committee also criticized the federal government for making agriculture "a subsidy-oriented business."

In resolutions to be acted upon by the delegates Thursday, the committee suggested the federation obtain a halt to government farm control and price

support programs in order to bring about a profit-oriented business in farming.

"Experience has shown clearly that programs to fix prices and control production do not ensure satisfactory farm income," the committee said. "Direct government payments are a highly undesirable substitute for adequate market prices and an unsatisfactory means of providing income for farmers."

Trooper arrests two

State Trooper Gary Hood arrested Ina Chestnut, city, for driving with a non-valid operator's license Monday.

Rush F. Eaton, Bainbridge, was also arrested by Trooper Hood for exceeding the speed limit.

Hendricks confident he will retain GOP post

INDIANAPOLIS UPI—The fate of Indiana Republican state chairman Charles O. Hendricks may be determined at a meeting of the GOP state committee here Thursday afternoon.

A group of committee members is trying to oust Hendricks and has circulated a petition asking him to resign his post, although he headed the party organization during the winning campaigns of 1966 and 1967.

There are some indications the rebel group will not attempt to remove Hendricks Thursday because of doubt about having enough votes.

"They haven't got the votes," Hendricks said. "This movement started six months ago and they thought they could do it quietly. But publicity blocked their plans."

"There is almost a rebellion of county chairmen against some of the state committee members because the chairmen were kept in the dark. I'll bet that 70 per cent of the county chairmen are against kicking me out," he said.

Secretary of State Edgar D. Whitcomb, an almost certain candidate for the GOP gubernatorial nomination, said the ouster attempt is damaging his political future. He added that he knew nothing about it until eight committee members had signed the petition.

Whitcomb's leading rival for the gubernatorial bid is Dr. Earl Butz, head of the Purdue University school of agriculture and former assistant secretary of agriculture in the Eisenhower regime.

Two of the Butz, chief aides have refused to join the anti-Hendricks movement. They are two committee members—Clyde Lewis, Lafayette, 2nd District, and Paul H. Green, Lebanon, 6th District.

The chief rebels seem to be two committee members—Perley Provost, South Bend, 3rd District, and Seth Denbo,

5 college students in Putnam Court

Five college students appeared in the Putnam Circuit Court Monday on charges of malicious trespass and all five entered pleas of guilty when arraigned.

They were specifically charged with taking Christmas decorations at the homes of Ed Walker, 902 Hillcrest, and Walter Phillips, 618 Crescent Drive.

Judge Francis N. Hamilton ordered Larry Bitterman, James McDonald, George Coleman, Tom Soelter and John Leffler to pay damages to both Walker and Phillip and each was then fined \$25 and costs.

University band will give concert Wednesday

DePauw University's concert band will turn the clock back a ways Wednesday when it presents its winter concert at 8:15 p.m. in Meharry Hall in East College.

Featuring an imaginative program that ranges from a series of old American dance tunes like the Cake Walk to the at times boisterous "La Fiesta Mexicana," the concert is free and open to the general public.

The musical fare for the some 65-member band under Professor Dan Hanna includes John Philip Sousa's "National Fencibles March" for an opener, Morton Gould's "Ballad for Band," H. Owen Reed's "Fiesta," and Henry Cowell's Gaelic "Shoonthree" (the music of sleep).

The Indiana premiere of Professor Don White's "Recitative, Air and Dance" will be the evening's fifth work. The composition by one of DePauw's own music faculty members was premiered by the Eastman Wind Ensemble last year in New York.

Authors new book

DePauw University alumna Miss Lee Sheridan Cox is the author of a new book, "Andy and Willie," published by Charles Scribner's Sons, New York. In the tradition of the Rover boys, the humorous satire has an Indiana setting.

Miss Cox taught at Greencastle High School from 1946-50 and is presently an associate professor at the Ohio State University. She has authored a number of scholarly articles in special literary fields of interest, her most recent appearing in The Chaucer Review.

DePauw recipient of \$10,000 grant

DePauw University today announced it has been awarded a \$10,000 grant by the Esso Education Foundation.

The gift is for DePauw's capital funds program and is among 47 totalling \$465,000 for physical facilities in 47 privately controlled institutions.

The Esso Education Foundation is supported by Standard Oil Company (New Jersey) and a number of its affiliates.

Plymouth officer is traffic victim

By United Press International

A Plymouth policeman was killed Monday night in the collision of his patrol car and a truck, increasing Indiana's 1967 traffic fatality toll to at least 1,453, compared with 1,449 a year ago.

Patrolman James A. Nelson was killed on old U.S. 31 just north of Plymouth. Authorities were trying to determine what happened. It was not determined whether he was chasing another vehicle at the time of the collision, although moments before the accident he had radioed headquarters to ask for a license check on a car.

Earl Wise, 42, Nineveh, was killed Monday night when struck by a car on a Johnson County road about four miles south of Franklin. Police said Wise had become ill, stopped his car and got out. Authorities said he was struck by a car driven by Mary Thompson, 36, Trafalgar, whose vision was obscured by the crest of a hill. A passenger in Wise's car, Russell Harris, 32, Indianapolis, who had also gotten out of the auto, was injured, but not seriously.

Gust Depino Jr., 38, Gary, was killed Monday night when he lost control of his car on U.S. 41 in St. John. The car collided head-on with another driven by Charles Thompson, 31, Schneider, who was injured.

Market executives defy Gen. De Gaulle

BRUSSELS UPI—The Common Market's executive commission today defied President Charles de Gaulle of France and said the trade bloc must negotiate for British membership or face a "grave crisis."

Belgium's Jean Rey, the executive commission president, announced the dramatic decision at a market ministerial meeting two weeks after De Gaulle vetoed British membership talks.

West Germany, Italy, Belgium, Holland and Luxembourg more or less were favoring British membership in the six-nation trade group. France stood alone in firm opposition.

Rey warned that failure to negotiate with Britain now would bring on a "grave crisis inside and outside the community." He announced that his 14-man commission of economic and political experts stood ready to mediate in talks between the six and Britain.

France's partners have argued that Britain's devaluation of the pound and other self-help economic measures put the island nation in good enough shape for membership talks. But De Gaulle has said British is still too financially ill for membership.

Rey spoke for 35 minutes to a session of the ministerial council. However, no cabinet ministers of member nations were present. They were represented by ambassadors and senior civil servants.

Rey held talks with Prime Minister Harold Wilson of Britain in London, Dec. 4. Common Market foreign ministers had asked him for a report.

Wake Up Your PERISTALSIS And Be Your SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed. The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis. So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best. Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you, too, 49¢.

Its a fact

The Indiana State Highway Garage employs about 74 people with an annual payroll of approximately \$307,804.00.

Marriage License

James Kenneth Hutcheson, Pell's Bargain Mart, student, and Sandra Faye Bain, Columbia Records, student, both of Reelsville, Route 1.

Ronald Isom McGuire, Lone Star Cement, Reelsville, Route 1, and Marcia Lynn Hill, at home, Greencastle.

Rolland B. Vickrey, State Highway, and Brenda Ann Miller, Mallory's, both of Fillmore, Route 1.

Joy is spread by Santa Claus

The Putnam County Santa Claus pleasantly surprised a large number of people Sunday afternoon, Dec. 10. Three hundred red carnations were contributed to the project by Milton's Posey Patch.

Santa Claus, with two willing helpers, visited the patients in the Putnam County Hospital, the residents of the Putnam County Farm, the Ruark Nursing Home in Fillmore, the Donna Nursing Home in Cloverdale, Eventide Rest Home, Sunset Manor, and Green View Apartments in Greencastle. Along with a flower, each recipient was given much Christmas joy by the jolly Santa.

Each one of us is enjoying our Christmas flower and extends our sincere thanks for these generous and kind deeds. A Merry Christmas and a Happy New Year to each one who had a part in the Putnam County Santa Claus project.

Mrs. James Simmerman Is Hostess To Club

The Castle Toppers Extension Homemakers Club held their December meeting at the home of Mrs. James Simmerman.

The president, Mrs. Wm. A. Wood, opened the meeting with the flag salute and club creed. The history of the song of the month was read, followed with the singing of "Deck the Hall." Roll call was answered by exchanging a pair of Christmas candles, also the exchange of a small Christmas corsage.

Secretary's report was given and accepted. Treasurer's report was also given. Five dollars had been sent to the Hospital Guild Toy Fund. All outstanding committees gave their reports for the year.

The president gave a nice report of the Officers Training meeting. The lessons for 1968 were selected.

Report of the last council meeting of the year was given by Gladys Spiker. Several activity dates for the coming year had to be changed. One matter of interest she brought out was the changing of the county dues. Each member expressed her opinion, which summed up to disapproval as the club is not a money making organization.

The club prayer was repeated and the meeting adjourned. During the social hour, secret gifts were received and everyone tried to guess who the guilty person was. Everyone received a nice gift from the grab bag. The hostess served lovely refreshments. Gladys Spiker held the lucky napkin.

The January meeting will be held at the home of Mrs. Carl Twigg, January 2.

Devil Dogs was the name given to United States Marines by the Germans in World War I.

Dr. Jerome Hixson Banquet Speaker

Epsilon Chapter of The Delta Kappa Gamma Society, International honorary for women teachers, held formal initiation at the Union Building on Saturday, December 3, for three new members. The Epsilon initiates were Mrs. Layton Clifford, who teaches science and health in the fifth and sixth grades at Bainbridge; Mrs. Robert Haas, associate member, who has a teaching fellowship in English at Indiana State University and is completing requirements for a Master of Science degree; Mrs. Ralph Taylor who teaches English at the Greencastle Junior High School.

Mrs. Waneita Carrington, chapter president, assisted by Miss Audrey Beatty, Miss Mabel Joseph, Mrs. Julia Shumaker, and ceremonies chairman, Mrs. Gladys Silvey, conducted the impressive candlelight initiation ceremony. Miss Leah Curmott provided the musical setting for this special service.

Following the initiation rites, a delicious dinner was served to forty members and guests at tables artistically decorated with Christmas trees and sparkling candles. The invocation was given by Mrs. Grafton Longden.

At the close of the dinner, Mrs. Betty Aker directed the group in singing favorite Christmas carols.

Miss Mitchell, a member of the DePauw faculty, presented Dr. Jerome Hixson, guest speaker, who developed with effectiveness and charm his subject of "Ideals: Caught and Taught."

Dr. Hixson affirmed that greatness can be emphasized to students through the human values that teachers perpetuate.

He noted that "ideals" are said to be the best thought of the past. Dr. Hixson stated that a teacher can communicate ideals, convey discipline, and set an exemplary model to make an appealing picture for high standards. He believes that spreading values may become a contagion that affects many students. A hopeful thought was presented by Dr. Hixson when he suggested that through the power of the imagination, a teacher may help create and stimulate a student's ability to develop beyond his potential. Dr. Hixson closed with the quotation, "Man's reach should exceed his grasp — else what is a Heaven for?"

The hostesses for the evening were, Mrs. Susanna Compton, Miss Elizabeth Daggy, Mrs. Bernice Steward, Miss Lily May Helper, Mrs. Hazel Longden, and Mrs. Virginia Liston.

Children Guests At Tree Trimming Party

"This is the first time I've been to a party," said one of the Fellowship Class of the First Christian Church.

Guests were 30 children, who are part of the special education classes in Belle Union and Miller School in Greencastle. The children made tree decorations and trimmed a lovely tree in Fellowship Hall of the church.

Guest DePauw art student Miss Nancy Namis drew a chalk sketch of "The Madonna and Child." The drawing was presented to the teachers for their rooms at school. A film on "The Christ Child at Christmas" was shown and members of the Fellowship Class prepared supper for the 150 in attendance. Cooks were Miss Judy Reynolds, Mrs. Frank Davis and Dr. J. L. Stamper.

Harold Kessler, county special education director, was a guest as were the special education teachers Mrs. Davis, Mrs. Grimes and Mrs. Strain. The committee for the special education tree trimming party were Mr. and Mrs. Jesse Smart, Mrs. J. L. Stamper and Mrs. Norman Tirsway.

OPTIMISTIC REPORT

TOKYO UPI — Former Prime Minister Hobusuke Kishi said on his return from Bangkok, Saigon, Manila and Taipei that the Vietnam situation is improving militarily, politically and economically.

A clock installed on London's Tower Bridge by Henry VIII's order, 425 years ago, is still telling time.

Hints from Heloise

by HELOISE CRUSE

Dear Heloise:

After wearing new shoes for several hours, I often find them uncomfortable, yet on the carpet in the shoe salon they seemed to fit fine. Now I have fool-proof method of testing new shoes.

After I reach home I try them on again. Before walking, however, I slip a pair of my husband's heavy shoes over the shoes to keep the soles clean and to prevent any scratches.

If my feet start hurting, back to the store they go and I exchange them for a larger size. I no longer have a closet full of shoes I can't wear.

Irene

Dear Heloise:

I could not find matching binding for my wool blankets.

So I ripped off all the old binding and crocheted a big blanket stitch on each end of our blankets. (For those who do not crochet, it can also be done with a needle and heavy crochet thread.)

This is an economical way to bind your blankets and they look very pretty, too.

C. M. P.

Dear Heloise:

My Christmas list started over thirty years ago.

Believe me, my addresses have been rewritten many times during those years. I've discovered that 3x5 index cards are the easiest way to keep my addresses up to date and it's so simple to thumb through them, not only on Christmas, but through the year, too. I keep these cards in a metal recipe box, a separate card for each person. When one card becomes torn and old, it's easily replaced with a new one.

Mrs. Barcellos

I agree. And you could also put down the Christmas gifts you sent: 1964 hose, 1965 gloves, 1966 soap. These notes will jog your memory and avoid duplication from year to year.

Heloise

Letter of Laughter

Dear Heloise:
If you have on a padded nylon housecoat, go outside right after a rain and swing it back and forth.

It will get so full of moisture within a few seconds that you won't have any more static electricity.

Static

This may sound like a letter of laughter, especially if the neighbors see you. But so help me, it's true. I tried it!

Heloise

Dear Heloise:

When you get those little grease spatter spots on the

back of your stove, use your nylon net scrubber.

Works like a charm. Works, too, on the metal cabinet or hood above it.

A Reader

Dear Heloise:

Nearly all of us have had some experience with cleaning vaporizers. This is such a messy job; and frequent one in areas that have hard water.

I've found that soaking the heating element in vinegar will dissolve the deposit. The heating element varies in different vaporizers but mine will sit in a large water glass.

This means using a relatively small amount of vinegar which can be saved in a jar and reused for the same purpose. Sure takes the stuff off.

Irene Hoffman

Dear Heloise:

My sister wanted me to tell you how she "airs" her COTTON mattress when it cannot be put in the sun.

She takes the sheets and pad off and puts her electric blanket directly on the mattress, turning it up to high for a couple of hours.

Dorothy

AMERICAN TOURISTER LUGGAGE

HARDWOOD HIGHLIGHTS

By FRANK PUCKETT Jr., BANNER SPORTS EDITOR

It was another one of those fast moving and hard hitting weekends for prep basketball fans in Putnam County and here are some interesting tabulations . . . Cloverdale strung it out to 48 in a row by thumping, and I mean thumping Clay City 106-60 . . . 6-4 Rick Ford planted 13 field goals and 14 free throws through the nets for a season high of 40 points . . . he also jerked off 25 rebounds . . . not a bad night's work . . . Bainbridge hit the century mark by scoring a 100-48 victory over Big Four Conference foe New Ross at Ladoga Saturday where 6-9 Fred Cox picked up 34 points . . . sophomore classmate Gary Richard added 17 points . . . some sophomores . . . the Pointers also won Friday night over Pittsboro, another Big Four opponent, 91-49 . . . Greencastle stopped undefeated Clinton and moved up in the WIC race with a 2-0 record but Rockville put the chalk blocks to the Cubs Saturday night . . . it was one for Ripley's when mentor Dave McCracken threw a stall against Clinton—never thought I would see a McCracken team stall the ball, but it worked . . . Pete Norris, 48 points in those two games . . . Fillmore rolled up number 6 in a row by thumping Patricksburg . . . Roachdale fell to a North Salem fourth quarter rally giving them a 2-4 record . . . Reelsville rambled to a victory over Dugger to bring their record to 4-3 . . . Russellville took it on the chin for the third consecutive time when Scotland, Illinois dumped them . . . the Bees stand 5-3 . . . they won their first five games . . . and the OUIJA board finally took a winning margin with a 7 of 9 correct predictions . . . it was wrong about the Greencastle-Rockville tilt and Russellville-Scotland game, but called the shots on the rest of the contests . . . the board stands at 17-5 for the season.

"500" veteran Johnny Boyd at GHS today

The nationally acclaimed Champion Highway Safety Program was presented at Greencastle High School today by Indianapolis racing veteran Johnny Boyd, whose appearance was arranged by the Greencastle Automotive Supply, a twelve time competitor in the Indianapolis 500 mile race.

The program, in its 13th year, has been presented to over ten million teenagers throughout the United States and has brought numerous awards to its sponsor, Champion Spark Plug Company. Among these are three National Safety Council Public Service Awards and the Alfred P. Sloan, Jr., award for outstanding service to highway safety.

Boyd's message to students carried comparisons between driving on the speedway versus the highway. "We emphasize the three main factors which account for the relatively safe driving conditions on the track," he said. "These are mental alertness, courtesy to other drivers and the safe mechanical condition of the car."

"The risk we take on the track is a carefully calculated one," says the 20-year veteran of automobile racing. "The measures we take to minimize the risk are the most important part of our message. Without preaching, we try to impress on these young drivers that the common-sense practices of racing can and should also be applied to highway driving."

After competing in 12-consecutive Indianapolis 500 races, Boyd did not qualify for the 1967 Memorial Day classic, however, he finished in the top ten four times and in 1958 he placed third. In 1957 he was leading the race in the late stages when he was forced to stop for an unscheduled tire change. Though this stop deprived him of racing's highest prize, it was done in the interest of safety, which is typical of veteran speedway drivers. Boyd is a member of the famed 100 Mile An Hour Club which calls for a driver to complete the 500 mile race without relief and at an average speed of more than 100 miles an hour. He joined the club after the race in 1957 and has qualified three times since, his latest in May, 1964 at an average speed of 142.364 miles an hour.

JOHNNY BOYD -- Veteran Indianapolis "500" Mile Memorial Day Race Driver

Indiana and Notre Dame take 4th wins; Purdue evens up

By United Press International
Indiana and Notre Dame stretched their college basketball winning streaks to four Monday night while Purdue evened its record at 2-2 and highly-regarded Indiana State romped to its third triumph in five games.

But Evansville, for years a small-college power, was dumped at Utah State, 116-88.

Indiana turned back pesky Kansas State, 89-83, at Bloomington after trailing at the half, 42-41. Earl Schneider led the Hoosiers assault with 26 points and Vernon Payne got 21.

The Hoosiers took the lead for good at 55-54 in the second half on Joe Cooke's layup. Indiana goes after No. 5 Saturday at North Carolina State.

Rick Mount threw in 18 points to pace Purdue's 78-66 victory over Ohio University. Mount has been the Boilermakers' top scorer in all four games this season. Purdue led only 32-31 at the half but pulled away in the second half and held as much as a 15-point spread at one point. Purdue meets Indiana State Thursday and travels to Tulane Saturday.

Notre Dame trounced Southern Methodist, 79-59, as Bob Whitmore threw in 19.

The Irish led only 32-30 at the half but erupted in the second half to outscore the Mustangs 20-8 in one stretch and take a 52-38 margin. Notre Dame plays St. Norbert Thursday.

Indiana State, rated fourth in

last week's UPI coaches' board small college ratings, blasted Lamar Tech, 105-93, behind Jerry Newsom's 30 points. The Sycamores took a 58-40 halftime lead and were never in trouble, leading by as many as 20 points in the second half.

ISU plays Western Illinois Saturday after meeting Purdue at Lafayette.

Utah State's Shaler Hamilton and Jimmy Smith were too much for Evansville's Aces and led by as much as 30 points in

the rout. Smith tossed in 29 points while Hamilton had 21, in addition to 24 rebounds and 10 assists.

Tops for Evansville were Tom Niemeier and Howard Pratt with 18 points apiece.

Earlham won its fifth game in a row at Aurora, Ill., 101-84, after trailing at the half 51-45. Mike Martin led the Quakers with 24 points.

Dallas Chaps score 7 men; defeat Pacers, 119-114

By United Press International

The Dallas Chaps are displaying the type of basketball that is calculated to win the American Basketball Association acceptance as a true "major league" alongside the entrenched National Basketball Association.

The ABA's image as a new pro circuit was that it would have one or two stars on each team whose individual exploits would overcome the fact that there was not a wide base of talent.

The Chaps helped to explode that theory Monday night when they had seven players score in double figures in an "ABA type offense" which deflated the Indiana Pacers 119-114. The loss dropped the Pacers a half game behind the Minnesota Muskies in the Eastern Division of the ABA.

Cincy Powell was the Chaps' high-scorer with 23 points and player-coach Cliff Hagan scored 20 even though he sat out most of the second half. Roger Brown scored 34 for the losers. Lavern Tart scored 30 points to lead the Oakland Oaks to a 127-105 victory over the New Jersey Americans in the only other Monday night game. Stewart Johnson scored 18 points for the Americans.

ABA STANDINGS

East

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't make out the words clearly then this may be the answer. An extremely small hearing aid using a tiny energized unit has been perfected by a man who himself is hard of hearing and has been for over 10 years. If interested it is suggested you write A. W. Newell, 2616 W. 8th St., Erie, Pa. You will receive full information at no cost or obligation whatsoever.—Adv.

GHS grapplers capture first win; beat Brazil

Greencastle's grapplers won their first meet of the season last night by defeating host Brazil, 33-27, making their record 1-3.

Undefeated junior grappler Dusty Brewster led his team with a string of four wins by pinning his opponent in the 133-pound class in the third period.

Six other boys won by decisions or pins. Tom Gorham, 95 pound class, Ted Brewer, 103 pound class, Don Ellis, 120 pound class, Dave Evans, 127 pound class, Jay Moore, 138 pound class, and Terry Gruenholz, 154 pound class.

Mark Monnett, a 165 pounder, dropped his first match in four outings, when he was pinned by Brazil's Chuck Crabb. Steve Stoner, George Schneider, and

Phil Wagoner, were all pinned for losses while Dennis Clark was beaten by a decision. The Tiger Cub grapplers will meet at Schulte next Thursday against the Golden Bears.

WIDMAR COACH

PHILADELPHIA UPI — Al Widmar, who pitched for three major league teams in a career that spanned 25 years, is the pitching coach for the Philadelphia Phillies.

The club chose Widmar on Monday to succeed Larry Shepard, who was named manager of the Pittsburgh Pirates last October.

Widmar, 42, a Tulsa, Okla., native, pitched for the Boston Red Sox, St. Louis Browns and Chicago White Sox.

Qualification tests given Amish school teachers

INDIANAPOLIS UPI — The first tests to determine the qualifications of Amish school teachers in Indiana were conducted at Topeka last weekend and the final examinations will be held late this week at Cannelburg.

Fifty-one persons either presently teaching in Amish schools

or hoping to qualify for later appointments took the tests Friday and Saturday in the new Sunnyside Amish School northeast of Topeka.

Four representatives of the Indiana State Department of Public Instruction conducted and supervised the testing,

working with David Schwartz of Allen County, an official of the Amish Parochial School Board. Mrs. Sparkle Crowe, director of the division of pupil personnel service of the state department, said the teachers were "very cooperative."

About two-thirds of those taking the test were young women below the age of 25, none of whom had received a high school diploma. The tests given are known as General Education Development Tests and are aimed at determining maturity and experience and not detailed subject matter.

The Sunnyside school, like Amish farm homes, does not have electricity. Gas lights were used to light the rooms where the tests were held.

The testing program was part of a code of agreement reached by Amish and state officials to permit the parochial schools to operate in the state. The state and Amish compromised, the Amish agreeing to upgrade their schools and the state agreeing not to enforce rigid standards which must be met by public schools.

Supreme Court agrees to examine Negro challenge

WASHINGTON UPI — The Supreme Court agreed Monday to examine a Negro challenge of "freedom of choice" as a method of eliminating segregated public schools.

The court will hear arguments later this term on an eastern Virginia case appealed by the legal defense fund of the National Association for Ad-

vancement of Colored People. A written opinion will follow.

The defense fund did not condemn all freedom of choice plans. But its petition argued that they are unconstitutional where evidence shows they are unlikely to bring about desegregation and where other methods, such as re-zoning, will accomplish the job faster.

For instance, the appeal argued, in areas where there is no residential segregation, freedom of choice actually retards desegregation.

About 90 per cent of southern schools now use free choice plans. Besides being impractical, according to the appeal, free choice puts an unfair burden on Negro parents to take action when the initiative should be taken by school boards.

Today's case focused on the school system in New Kent County, near Richmond, where there are two combined elementary-high schools, one Negro and one white.

UP REWARD

MANILA UPI — The government today raised the dead or alive reward for Communist Huk leaders Pedro Taruc from \$25,000 to \$32,500 and Faustino del Mundo, alias Commander Sumulong from \$20,000 to \$30,000.

KISSES EXPENSIVE

LONDON UPI — The price of mistletoe is being increased six to nine pence this Christmas because of Britain's devaluation. Importers said mistletoe was bought from countries which did not follow Britain's lead in cheapening money.

Reach agreement on wage contract

DETROIT UPI —Bargainers working beyond a midnight strike deadline reached agreement today on a local contract for Chrysler Corp's Hamtramck, Mich. assembly plant.

The agreement, subject to ratification by the 4,500 members of United Auto Workers Local 8, left only five Chrysler bargaining units without local agreements. One of them—the

Indianapolis, Ind., electrical facility—has been shut down by a strike since Dec. 4.

The remaining units without local contracts include assembly plants at St. Louis, Mo., and Newark, Del., employing 7,600 hourly rated workers. Also without local agreements are two small parts depots at Kansas City and Boston.

The union and company worked out a national contract Nov. 8, giving Chrysler workers the same basic economic package of a \$1.01 an hour raise over a three-year period that the union won at Ford Motor

Co. after a seven-week strike.

Negotiations continued today at General Motors Corp., the last member of the "big three" without a national contract. UAW President Walter P. Reuther and GM Vice President Louis G. Seaton have been leading their bargaining teams in talks shrouded by a "news blackout."

CHILDREN DIE

HONG KONG UPI —Six homeless teen-aged Red Guards were found frozen to death at a railway station at Canton, the Hong Kong Times said today, quoting a woman traveler.

Officers re-elected

Officers for the coming year were re-elected by the Monroe Township Farm Bureau at their meeting Saturday evening as follows: President, Ed Earley; secretary and treasurer, Mrs. Enid Hillis; Township Woman's leader, Mrs. Margaret O'Hair.

The meeting was held in the County Farm Bureau Board Room began with a chili and oyster supper. Charles Baldwin gave the table grace. Door prizes were won by Mrs. Ruth Earley, Mrs. Evelyn Baldwin, Mrs. Enid Hillis,

Frances Lane, Clarence Beck, Mrs. Margaret O'Hair and Mrs. Edith Fry.

RELAX RESTRICTIONS

LONDON UPI —The Ministry of Agriculture today relaxed restrictions on the movement of the livestock in Lancashire, Derbyshire and Cheshire. They had been imposed as part of the battle against the epidemic of hoof and mouth disease that has caused the slaughter of 290,158 farm animals.

Cascade High School News

By JANET KILDMAN

Banner School Correspondent

The sophomores have received their class rings on November 30, after being a week late. Cascade was defeated by Avon on December 1, at Avon. The Cadets were defeated by a score of 66 to 67.

Approximately 170 students from the English classes went to the Indiana Theatre to see "Gone With the Wind" on Saturday, December 2.

The Honor Society held its installation of new members on December 5. Twenty-four students have been selected this year. They are: Ron Cooper, Lana Mitchell, Bill Coffee, Nancy Stublefield, Cathy Baker, Margie Bartley, Alan Brill, Bob Heavin, Judy Hostetter, Carolyn Holzworth, Debbie Keller, Jim Little, Kathy Martin.

December 9, at 7:30 p.m. A Christmas party was held at the Danville High School for all student librarians in Hendricks County on December 6.

man, Sherry West, Martha Whaley, Annetta Fisher, Betty Hall, and Nancy Hadley. Probationary members are: Vickie Settles, Karen Allen, Lyn Slover, Rhonda Anderson, Cathy Phillips, and Linda Strong.

The Drama Club presented its play, "Get Witch Quick", December 9, at 7:30 p.m.

A Christmas party was held at the Danville High School for all student librarians in Hendricks County on December 6.

Hollywood News

By VERNON SCOTT

HOLLYWOOD UPI —Jerry Lewis' new musical-variety show has been renewed for the balance of the season and his ratings have been respectable, all of which should make for a happy comedian.

But Lewis is a man of moods. On a visit to his stage at NBC-TV he other day he was in a funk. The rehearsals were going well, but producer Bob Finkle and director Bill Foster called a two-hour halt at noon to go over the material.

Jerry retired to his dressing room and threw himself disconsolately on a couch. No jokes, no funny face, no light banter. "The show goes well and gets done without my being involved in the production end of it," he said. "But I'm not good when it comes to just sitting around and waiting. It drives me up the walls."

Not Enough Lewis does work with his writers on the show, but it isn't enough for a man who produced, directed and starred in two movies a year for several years.

His boundless energy — he sleeps only four or five hours at night—must be put to use. During production lulls, off days and at home in the evening Lewis works on technical sound and video equipment to improve the quality of his show. He has purchased, with his own money, the finest gadgetry available.

He pointed to a complex of

GIBSON RESIGNS

BOWLING GREEN, Ohio UPI—Bowling Green University is in the market for a new head football coach following the resignation of Robert Gibson Monday.

A school spokesman said Bowling Green would begin immediately to search for a successor to Gibson, who compiled a 19-9 record during his three years as head coach of the Falcons.

BRITISH COACH

BOSTON UPI—Former British soccer star Alex Wilson will serve as assistant coach and trainer of the Boston Beanecons when the team begins its first regular season of play in the National Professional Soccer League next year.

Wilson will also assist Manager-coach Jack Mansell in signing both U. S. and foreign players for the Beanecons.

A Woman's View

NEW YORK UPI —As the wife of an idol of show business, you'd think that Kathryn Crosby would settle into the easy going and glamorous life a Mrs. Bing Crosby could lead.

But not this Texas-born beauty, who is mother, actress, registered nurse, certified teacher, mistress of four homes, a sometime model, and now author of a book written without a "ghost."

Husband Bing calls her "overprogrammed."

Says Mrs. Crosby, "Doesn't every woman have to do something with life?" I mentioned that as a reporter I'd crossed paths with many females who were busy only with boredom.

"They don't live," said Kathryn Crosby. "My husband's a little crazy. He keeps hoping I'll be good at whatever I take up."

If she became discouraged with her efforts as an author, Crosby would snap her out of it with, "Okay, Jane Austen, hit the deck."

The result after nearly two years of dictating and rewriting is a charming glimpse into life among the Crosbys and Grandstaffs (Grandstaff was her maiden name). It's called "Bing and Other Things" Meredith Press, New York.

During a visit to New York to mark its publication, Mrs. Crosby sat at a cheese cake and tea snack and talked about her marriage to a widower and a man several years her senior.

He was an award-winning star by the time she arrived on the Hollywood scene, after she'd won enough beauty contests in Texas to convince her that Hollywood was breathlessly waiting. One of the titles she won when she was growing up in West Columbia was that of rodeo queen of the fat stock show. "I shall never live that one down."

The couple met on a movie set and after a five-year courtship fraught with misunderstandings, often quarrels, they were wed Oct. 24, 1957. Their children are Harry Lillis, III, 9; Mary Frances, 8; and Nathaniel Patrick, 6.

The difference in their ages never has bothered her but to the curious, she says, "I have to run to keep up with him." She's quit trying to learn one of his favorite spot—golf.

To those who ask what it is like to be married to a man who in a way is an institution, who belongs to his public and represents a fond image for millions, Mrs. Crosby just smiles and answers, "Look, he married me!"

Own Phone "This is my own telephone, too. I bring it to work with me every day and plug it right in to the regular telephone system. You know why? Because in TV we can project from the studio via telstar to any point in the world in a micro-second."

"But the same communications system here at NBC is something else. I can't get the operator." Asked if the weekly show was a greater strain than his movie work, Lewis replied, "The pressure is always on but I love it. What am I saying? I'm kidding, of course. "But it's worth it just watching my four little guys at home. They've never seen their daddy on television before. And I spend the hour taking pictures of them watching the show."

Visibly cheered at the thought his family, Lewis returned to the stage and rehearsal.

SALE OF EVIDENCES OF INDEBTEDNESS

Sealed proposals (bids) will be received by the Board of School Trustees of Greencastle Community Schools at its office at 110 Spring Avenue in the City of Greencastle, Indiana, up to the hour of 8:30 a. m. (CST) on the 2nd day of January, 1968, for the purchase of the following described evidence (s) of indebtedness of said Greencastle Community Schools:

Notes of 1968: Total issue not over \$480,000.00 as designated by resolution of the board fixing amount, date and maturity, but maturing not later than June 30, 1968; with interest payable at maturity; bearing interest on said note (s) at a rate not to exceed five per cent (5%) per annum, the exact rate to be determined by bidding; both principal and interest, maturing on or before June 30, 1968, as designated by resolution of the board.

Bidders for said note (s) of said total issue will be required to name the rate of interest which the note (s) is to bear, not to exceed five per cent (5%) per annum, and more than one interest rate shall be named by each bidder. The evidence (s) of indebtedness will be awarded to the highest qualified bidder whose bid is submitted in accordance herewith. The highest bidder will be the one who offers the lowest net interest cost to the Greencastle Community Schools.

No bid for less than the par value of said evidence (s) of indebtedness will be considered, and the right is reserved to reject any and all bids.

Bids shall be in sealed envelopes marked "Bids for Temporary Loans Maturing June 30, 1968" and each bidder submitting a bid shall submit therewith an affidavit stating that no collusion exists between himself and any other bidder for such loan.

The right is further reserved that in the event more than one bid is received and are the same and the lowest net interest cost to the Greencastle Community Schools, to make a choice or to divide the amount between any and/or all such bidders, but not more than \$480,000.00 in the aggregate.

ALSO: At the same time and place, sealed proposals (bids) will be received by the board of school trustees of Greencastle Community Schools at its office at 110 Spring Avenue, in the City of Greencastle, Indiana, up to the hour of 8:30 a. m. on the 2nd day of January, 1968, for the purchase of the following described evidence(s) of indebtedness of said Greencastle Community Schools:

Notes of 1968: Total issue not over \$380,000.00 as designated by resolution of the board fixing amount, date and maturity, but maturing not later than December 31, 1968; with interest payable at maturity; bearing interest on said note (s) at a rate not to exceed five per cent (5%) per annum, the exact rate to be determined by bidding; both principal and interest, maturing on or before December 31, 1968, as designated by resolution of the board.

Bidders for said note (s) of said total issue will be required to name the rate of interest which the note (s) is to bear, not to exceed five per cent (5%) per annum, and not more than one interest rate shall be named by each bidder. The evidence(s) of indebtedness will be awarded to the highest qualified bidder whose bid is submitted in accordance herewith. The highest bidder will be the one who offers the lowest net interest cost to the Greencastle Community Schools.

No bid for less than the par value of said evidence(s) of indebtedness will be considered, and the right is reserved to reject any and all bids.

Bids shall be in sealed envelopes marked "Bids for Temporary Loans Maturing December 31, 1968" and each bidder submitting a bid shall submit therewith an affidavit stating that no collusion exists between himself and any other bidder for such loan.

The right is further reserved that in the event more than one bid is received and are the same and the lowest net interest cost to the Greencastle Community Schools, to make a choice or to divide the amount between any and/or all such bidders, but not more than \$380,000.00 in the aggregate.

Dated this 4th day of December, 1967.

PONY LOSES

PITTSBURGH UPI —James Lukaszewicz was driving along a north side street when he heard a thump.

He investigated and found a dazed pony. Lukaszewicz was not injured but the pony, according to its owner, Robert Helch, suffered a bloody nose.

OFF and RUNNING

By Tony D. Manuel
General Manager

"Let me be a free man, free to travel, free to stop, free to work, free to trade where I choose, free to choose my own teachers and friends, free to follow the religion of my fathers, free to think, free to talk and act for myself — and I will obey every law or submit to the penalty."

These words were spoken over 100 years ago. By adding the freedom to go broke and the freedom to quit a job, these same words could have been uttered last week and nothing could have been more timely. These are freedoms guaranteed by our American heritage, even though many times we forget them.

One thing we must always keep in mind is the fact that a businessman is free to go bankrupt, and his employees are free to quit any time they don't like the way things are run.

Too quickly forgotten is the fact that the boss takes a risk every time he opens the front door. He can guarantee a job just so long as he can show a profit. And he can show a profit just so long as the employees sell merchandise and take good care of all customers.

Customers pay expenses, including wages. No one can make a profit for the boss by complaining, by telling customers how dumb he is, or by belittling the place where he works.

When the time comes that you don't respect your boss, when you think you are getting a raw deal, then it is time to exercise your prerogative guaranteed by your American heritage — to quit and move on. Only then can you complain, cuss, and discredit the company you work for until your gills turn blue.

Remember, the boss has much bigger problems than any one of the employees and he has no shoulder to cry on. He has to pay the rent, interest, wages, heat, light, water, and keep the government satisfied with taxes the employee never heard of. And all this is true whether or not his business shows a profit. An employer's job isn't as easy as it looks. The employee should not take money from his boss and then go out and make his job more difficult. He won't like that... you wouldn't either. Think about it when you pick up your check this week.

Wall Street Chatter

NEW YORK UPI — C. B. Richard, Ellis & Co. says the high flyers appear tired and their buoyancy could begin to diminish. The analyst says that for the market to overcome the hurdle ahead, many secondary issues should come into prominence while primary glamour issues have mild reactions. The company says it wouldn't be surprised to see some blue chip issues start to play a more aggressive role.

The Alexander Hamilton Institute says the direction of the market next year depends largely on government actions to maintain the dollar's integrity.

The company notes that the current bond market jitters reflect the strong possibility of another hike in the rediscount rate by the federal reserve board, with the result that both bond and stock markets will remain on tenterhooks in the immediate future.

Try and Stop Me

By BENNETT CERF

SADIE TISHTUCH'S ne'er-do-well brother had been the Tishtuch's house guest now for seven solid weeks, and Mr. T. was really beginning to lose his cool. "I've got a scheme to get rid of him," confided Mrs. Tishtuch one evening—also at the end of her tether. "We'll stage a big brawl at dinner, and whoever he says is wrong will throw him out on his ear. Agreed?" "You bet," said Mr. T.

The fight they put on was a beaut. At its height, Mr. Tishtuch turned to his brother-in-law and demanded, "So who's right: your sister or me?" The brother calmly continued wolfing his dinner and announced, "I couldn't care less, but in any case, I'm staying four more weeks."

Frank Sinatra persuaded Golf Expert Arnold Palmer to play eighteen holes with him at Palm Springs one morning. The round completed, Sinatra asked anxiously, "What do you think of my game?" "Not bad," conceded Palmer, "but I still prefer golf."

10 local NFO delegates return from meeting

Ten county delegates have returned from the annual convention of the National Farmers Organization in Louisville, Ky. and immediately started preparations to halt low farm prices.

National NFO President Oren Lee Staley said the only reason farmers are receiving the present low farm prices is because enough farmers are willing to sell at the present low prices.

He further stated that every business man puts a price tag

on his product and does not sell until that price is paid.

"The farmers must do the same. They must refuse to sell their products until they get fair prices. That means a holding action," Staley said.

The voting delegates attending the convention numbered more than 12,000 from 30 states, making this the largest convention of farmers in history.

The delegates voted to start preparations for an all-commodity holding action to halt

low farm prices.

First step in the plan approved for the all-commodity holding action was to ask every non-member to join the NFO, stressing that the NFO was not asking non-members to desert their present organization but to join the NFO for the purpose of unifying their production for the purpose of collective bargaining through NFO.

The timetable adopted for the all-commodity holding action was that within 40 days the NFO would advise its members to stop selling grain; that not even one bushel should be sold.

Livestock would be added to the holding action at the opportune time with dairy also being added at the opportune time.

President Staley said "not only would major commodities be included but that minor commodities would be added — everything from potatoes to peanuts with tomatoes and asparagus thrown in."

"The all-commodity holding action will be designed to shut down the agricultural plant until farmers receive fair prices," Staley said.

Vice-President Erhard Pfingsten added that collective bargaining is the only answer for farmers. It is up to the NFO to mobilize its forces and see to it that the situation of low farm prices is corrected immediately; that's why we're here."

Delegates learned that through the NFO collective bargaining and selling grain to the nation's largest buyers and red meat production to nine of the 15 largest processors in the nation.

In his State of Affairs address, interrupted many times by standing ovations, Staley

told the delegates that dismissal of the anti-trust suit against the NFO in U. S. District Court was a "green light for the lawful holding action".

Both Staley and Pfingsten were re-elected by acclamation during the annual election of officers. Vice-President Hubert H. Humphrey addressed the convention.

Other convention speakers were Homer Jackson, Rifle, Colo., manager, Production Credit; and Sen. Milton Young, Rep., North Dakota.

An official delegation of 12 members from the Canadian Farmers Union, led by President Roy Atkinson, also attended the convention, which received world-wide news coverage with many overseas news agencies represented.

Delegates attending from Putnam county included Mr. and Mrs. Charles Buis, Mr. and Mrs. Frank Elrod, Mr. and Mrs. Jack Vermillion, Mr. and Mrs. Maurice McCullough, Leonard Mann, B. H. Franklin.

—Heloise

Dear Heloise:

When you need to carry a flashlight on a rainy or snowy night, just slip it in a plastic bag. This lets the light show through, keeps the flashlight dry and it can be slipped into pocket or purse when you reach your destination.

Newspaperman resigns at Tulane

NEW ORLEANS UPI — A Pulitzer Prize-winning newspaperman says he is resigning as advisor to Tulane University's

student newspaper, calling the publication's staff "dishonest little jerks."

Hodding Carter, whose permanent resident is Greenwood, Miss., said he is quitting his post because the newspaper's staff did not consult him before printing a front page article.

The article was an excerpt from another student paper published by what Carter called "an extreme left wing organization, Students for Democratic Action."

Carter said he would continue

at the university as a writer in residence and a communications instructor.

High court strikes down law

WASHINGTON UPI — The Supreme Court Monday struck down another section of the 1950 antisubversive law designed to bar Communists from defense industries.

Chief Justice Earl Warren spoke for the court majority in a 6-2 ruling. Justice Thurgood Marshall did not participate while Justice Byron R. White and John M. Harlan dissented.

In previous decisions, the court has virtually eliminated all of the basic provisions of the law which is administered by the Subversive Activities Control Board.

The law was designed basically to require "Communist action" organizations to register with the government. It also declared it unlawful for a member of such organizations to hold jobs in any defense plants.

The court twice heard arguments on the constitutionality of the job section.

The Justice Department brought the case against Eugene Frank Robel, who was a machinist at Todd Shipyards Corp. in Seattle in 1962. He was charged with violating the law as a member of the Communist Party.
